

## LINCOLN

Johnson Hurst and wife were up from Picacho yesterday.

We are having showers almost every day now and vegetation is starting out nicely.

Miss Ada Hulbert of Banner, Oklahoma, has gone to Capitan to visit her cousin, Mrs. R. B. Province.

Mr. Hurst is at work for the Bloom Cattle Co on the Circle Diamond ranch.

J. R. Coleman and wife are visiting the family of John L. Bryon and are preparing to start overland to Oklahoma.

A party from Lincoln went up on the south fork of the Bonito last week with the intention of camping for a couple of weeks but it rained on them and they came back.

R. B. Province and family of Capitan were down Sunday and attended the basket ball game between the Lincoln and Hondo teams. The game was won by Hondo by a score of 18 to 13.

## RUIDOSO

The White Mountain Bible assembly will be in session here throughout the month of August and arrangements are being made to take care of and accommodate a large attendance. The maintenance of daily automobile service between Alamogordo and Roswell makes the assembly ground easily accessible. During August special low rates for the round trip will be in effect from both Alamogordo and Roswell and enough cars will be put into service to provide transportation for all.

The assembly has been incorporated and the following were the officers elected: Dr. Chas. D. Darling, president; George T. Veal, first vice president; H. P. Saunders, second vice president; Roy Ammerman, secretary and treasurer; Tomlinson Fort, attorney. The board of directors is composed of: T. A. Roff, A. Fruit, J. H. Mullis, Arthur Ingraham, J. A. Cottingham, J. W. Rhea, S. W. Poe, E. A. Cahoon, John Shaw, Roy Ammerman, H. P. Saunders, G. T. Veal, C. D. Darling.

The work as planned will be given over principally to courses in Bible study, series of Bible lectures, evangelistic sermons, lectures or religion and civilization, studies of Sunday school work and in English literature. C. C. Bonnar, well known as a tenor singer, will be the director of music.

## REVERSIBLE ROAD DRAG

Here are some simple lessons worth considering, which I have learned by years of experience with the road drag, writes John K. Goodman in Progressive Farmer.

1. Make your drag reversible (i. e., to move dirt right or left) by altering the hitch. Have the hind section about five-sixths the length of the front one; and face both front and rear sections entire length with iron or steel.

2. For best results under varying conditions of road surface as to dry, damp, hard or soft, I find it pays to have a man along at the end of a rope attached to the rear end of drag to properly steer the machine, and counteract its tendency to slide around hard bumps which need trimming off and smoothing. It is not so easy a matter as talking about it, for one man (the driver) to rightly direct the course and work of the drag by stepping from point to point, as common directions go; in fact, oftentimes impossible. Then the driver's weight is not always needed on the drag, but can be there in an instant when required.

## SUBSCRIBERS NOTICE

Since taking charge of the Outlook we have mailed out several hundred dollars worth of statements to those who were indebted \$1.50 or more, and those whose subscription had expired we mailed statements to them for the advance subscription now due. Some have remitted, but the majority have remained as silent as the seven spirits. We kindly ask every one indebted to us to send in their remittance at once. It seems a little unfair for us to pay interest to keep our business going when we have due us in amounts from \$1.50 up, enough to pay all we owe. In fact we cannot understand why a subscription to a newspaper should be the last obligation considered, when most of those indebted are able to pay promptly. A payment now will be appreciated.

## Make the Farm Pay

First of all, the farmer must be a *business man*.

Farming is manufacturing food and food products and the farm and farm equipment constitute the *plant*.

Competition is keen and it requires business methods to make money. The parcel post has opened the way to wider markets. Rural telephones, trolleys and mail delivery have brought unlimited opportunity for doing business.

You need one thing more—
